

# 15-year trend for AFS, HTM securities at US banks

Data compiled Sept. 18, 2015.

Analysis includes second-quarter securities balances from 2000 to 2015 for commercial banks and savings banks. Excludes savings institutions that either changed charters or started filing call reports in 2012 after the Office of Thrift Supervision was shut down.

Available-for-sale securities and held-to-maturity securities are shown on a cost basis.

Data based on regulatory filings.
