Data as of Aug. 4, 2014.

Ranking includes at least 10 companies with the most net openings/closings for Missouri as of Aug. 4, 2014. In the event of a tie, all companies at the relevant net opening/closing mark were included in the chart.

In the event banks merge or a bank is acquired by the parent of another, SNL retroactively adjusts current year openings/closings to the single, highest-level holding company.

* Total branches for the institution are adjusted for any openings/closings since the last Summary of Deposits filing as of June 30, 2013.

Ticker based on home country stock exchange.

Excludes credit unions.
