

## Small-business loan growth in 2012 at larger banks vs. smaller banks

■ Loans under \$100K   ■ Loans between \$100K and \$250K   ■ Loans between \$250K and \$1M

As of March 11, 2013

Financial data is based on regulatory filings by commercial and savings banks.

Loans secured by nonfarm, nonresidential properties and commercial and industrial loans to U.S. addresses with original amounts of \$1 million or less.

Growth rate represents the change in aggregate loans held on the balance sheet at the end of 2012 compared to the end of 2011.
